lostfringie: Ditto BigBlue

PattiTWG: When universes and timelines collide, stuff gets messed up. That's Fringe's new tagline!

socbas9247: No way. It has to be one

AlternaKat: 2pm Eastern time on Sunday I think

Xerophytes: leisa2: i saw him. he is bald.

JROrci: So you're saying the old timeline no longer exists?

MegsinPA: I get that it's the transition slide before the commercial...but I don't see letters.

AfleetAlex: The symbols before teh commercials correspond with letters, megsinpa

JROrci: Because this one was overwritten?

LittleHi11: socbas9247: what are you doing there?

socbas9247: MEGsinPA it is the flower, apple stuff between breaks

CharlieFromVirginia: megs...its called glyphs ...i can google the explanation

socbas9247: they form words

ExpendableGerbil: t_gruber - so is the cat alive or dead?

tjm5694: what was the word tonight?

9:15 PM

Darrell: CharlieFromVirginia: Google his name. Or look on fringepedia.net.

NYCFringeMathGeek: have you guys ever spelled your name in glyphs? it's pretty cool - i used mine as my computer background

newDana: cool

PattiTWG: ON the other hand, if the universes are already entagled maybe Peter just has to figure that out.

AfleetAlex: I'll have to try that

LittleHi11: socbas9247: have you always lived there?

beelee1113: I do the same, NYCFringeMathGeek

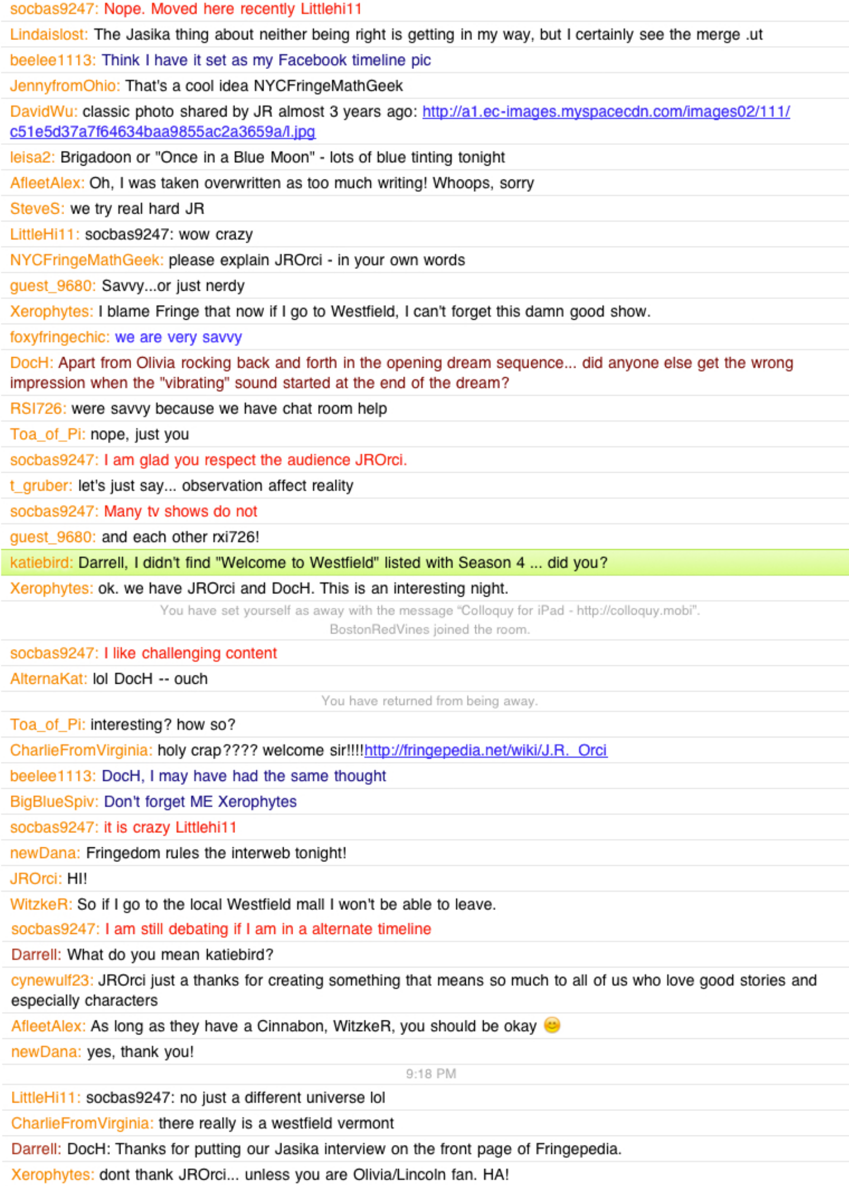
JROrci: I was honestly concerned about people understanding the difference between alternate timelines and alternate universes when we broke the season early on.

SteveS: nice nyc

guest_9680: JROrci the old timeline was overwritten?

PattiTWG: Like untying a knot.

JROrci: But it seems our viewers are damn SAVVY



socbas9247: Nope. Moved here recently Littlehi11

Lindaislost: The Jasika thing about neither being right is getting in my way, but I certainly see the merge .ut

socbas9247: TIMELINE

Lindaislost: Amazing episode..so glad I found the podcast and the chatroom. I am a grandmother and my kids AND my grandkids think it's hilarious that Grammy is in a chatroom ! !! Thanks Darrell and Clint.

Norcinee: JROrci I think DRJ has something to do with this, perhaps it's whet they're preparing Olivia for. Her remembering is definitely Cortexsifanatic. I'm still not sure I get what's happening though, I think Peter's gonna go insane after this.

LittleHi11: Rofl

TrishCapeCod: Many thanks, JROrci. You are also wicked smahhhhht.

AlternaKat: Xerophytes, be careful you might get invalidated again

TrishCapeCod: Seriously, thanks.

AfleetAlex: Ditto what TrishCapeCod said, only with a Michigan accent

socbas9247: DRJ is behind all this

JROrci: If you recall from S1, DRJ was trying to "activate" Olivia.

socbas9247: He is a crazy madman

Xerophytes: AlternaKat: - I am already invalidated

Norcinee: yup

guest_9680: walter said this is plan B...we know there is a plan B for olivia...is it the same planB?

socbas9247: I bow to his evil awesome ways

MegsinPA: Thanks guys. I was looking for little letters hidden in the pictures--silly me! Now I can follow along 😊

TrishCapeCod: If she remembers Blue Olivia, then she's activated, right?

PattiTWG: I wanna be invalidated!

Darrell: Our goal in life is to make the fill the world with cool grandmas, Lindaislost!

guest_9680: the universes overlapping--is that plan B?

newDana: I love Fringe, Olivia, Walter, Peter, Astrid, Broyles, Nina, Lincoln, Gene, oh Fringe!

BostonRedVines: Long time listener to the podcast...2nd time to chat. Where are the Bunsen Burners posted?

AlternaKat: lol PattiTWG

RSI726: I for one am very happy that Madmen had such a long hiatus--we get DRJ back

t_gruber: I'm sure her very mind could affect reality is pushed to its potential with these Cortexabilities we've never seen

beelee1113: JROrci, like with all the light tests...and we never got more. Does this mean well see more "direct" challenges for her soon?

AfleetAlex: BostonRedVines post them here

PattiTWG: Omg, Ramones parody song anybody? I Wanna Be Invalidated!

Lindaislost: Thanks darrell

AlternaKat: I Wanna Be Invalidated!

Darrell: Xerophytes: you invalidated yourself last week!

katiebird: Darrell, I must have miss read something. Someone said that the episode was up on iTunes. But, I couldn't find it.

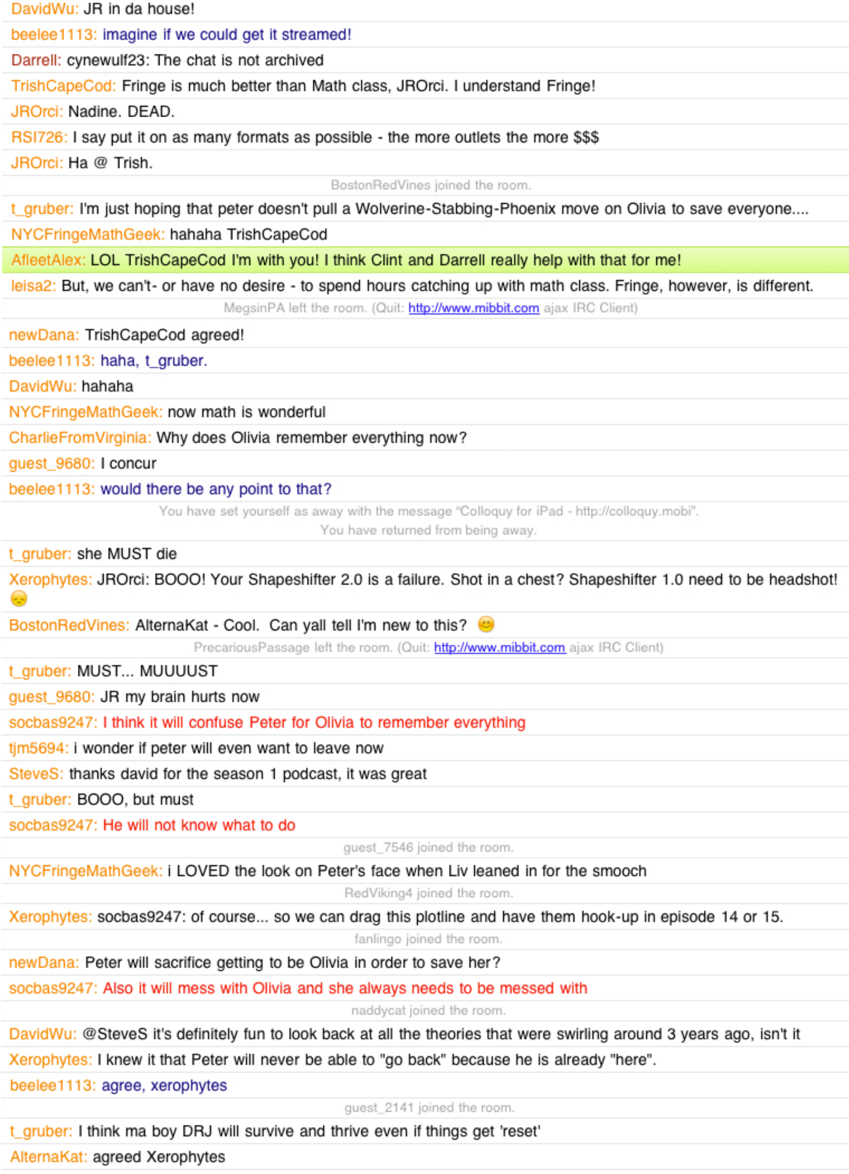
ExpendableGerbil: Nice one Boston, kinka hate myself for missing it.

socbas9247: what am I saying?

cynewulf23: JROrci if we get Season 5 do you have ore great stories with these characters after this year's finale?

DocH: my other brother DARRELL - not putting the Juh-seek-a MP3 link in a prominent locale would be a crime. It was splendid. I have already listened to it three times... smiled the whole time.

NYCFringeMathGeek: streaming would be awesome b/c i could make a lot of people get hooked



DavidWu: JR in da house!

beelee1113: imagine if we could get it streamed!

Darrell: cynewulf23: The chat is not archived

TrishCapeCod: Fringe is much better than Math class, JROrci. I understand Fringe!

JROrci: Nadine. DEAD.

RSI726: I say put it on as many formats as possible - the more outlets the more $$$

JROrci: Ha @ Trish.

BostonRedVines joined the room.

t_gruber: I'm just hoping that peter doesn't pull a Wolverine-Stabbing-Phoenix move on Olivia to save everyone....

NYCFringeMathGeek: hahaha TrishCapeCod

AfleetAlex: LOL TrishCapeCod I'm with you! I think Clint and Darrell really help with that for me!

leisa2: But, we can't- or have no desire - to spend hours catching up with math class. Fringe, however, is different.

guest_9680: I concur

beelee1113: would there be any point to that?

You have set yourself as away with the message "Colloquy for iPad - http://colloquy.mobi".

You have returned from being away.

t_gruber: she MUST die

Xerophytes: JROrci: BOOO! Your Shapeshifter 2.0 is a failure. Shot in a chest? Shapeshifter 1.0 need to be headshot! 😞

naddycat: Ummm.. How does this thing work?

socbas9247: Peter needs to calm his pants down

fanlingo: i think there's something fishy about the whole olivia remembering everything...

Xerophytes: When Peter rejected this Olivia, after a long time, Peter will realize what is happening... and Olivia will say, how can you say that it is not me? You should have look into my eyes!

JROrci: I understand that.

AlternaKat: hmmm, I wouldn't mind so much socbas9247

TrishCapeCod: agree, xerophytes. he's always been home. just because Peter has a theory, doesn't mean he's correct. Hence, drama.

NYCFringeMathGeek: that is right lindaislost

JROrci: Later, AA!

CharlieFromVirginia: I think if Peter is home...that's a copout...the problem with the universes is because Walter broke the rules and went to another universe...then to fix it...peter had to go...but they bring him back and the universes fixed all better no harm no foul?

JROrci: Technically speaking.

SteveS: we love your work that's for sure

guest_9680: drj - nina - broyles are all working together now

RedViking4: Soul magnets in the tea !

leisa2: It is great living in the Fringeverse. Don't have to worry about appropriate verb tenses because we seem to be in the past, present, and future

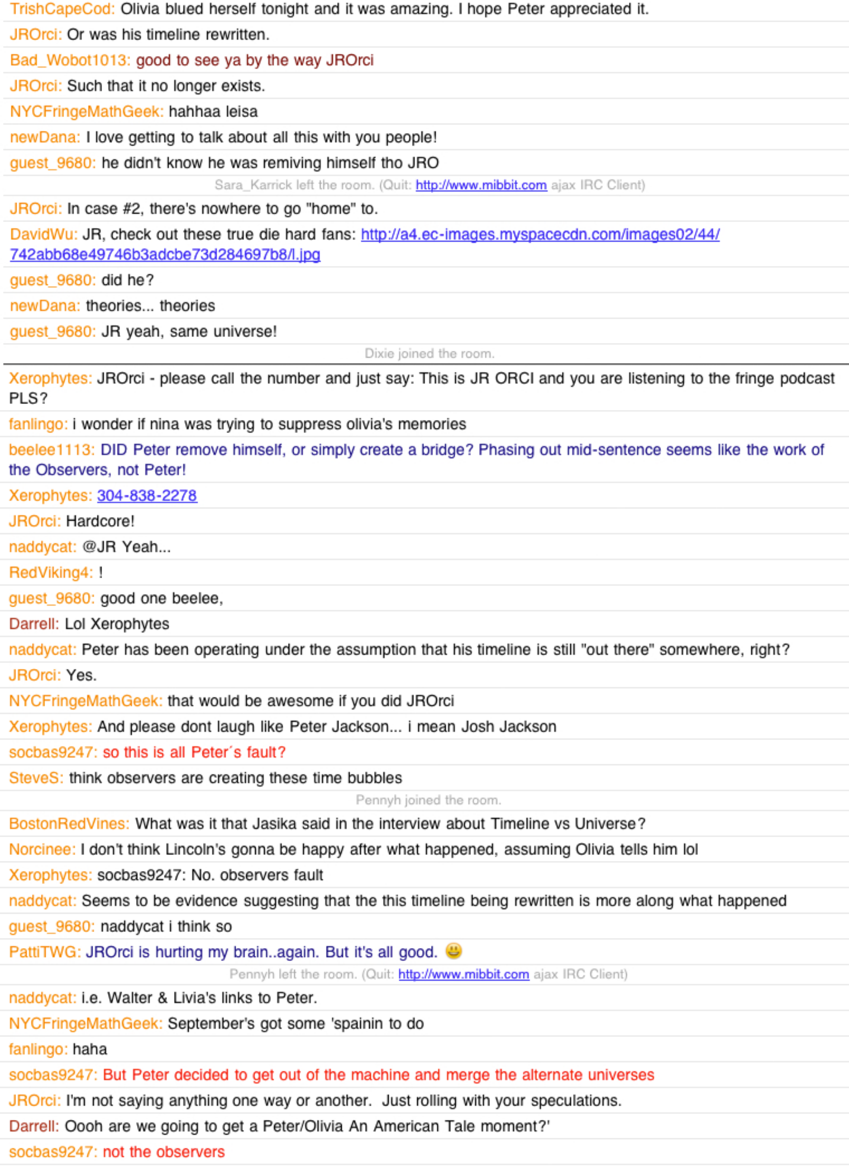
CharlieFromVirginia: 304-838-2278 please leave your feedback

Toa_of_Pi: JROrci: what are you waiting for?

JROrci: Did Peter's decision to remove himself create a new branch of a timeline, where he did not exist.

socbas9247: soul magnets in the chicken soup

socbas9247: Nina made it



TrishCapeCod: Olivia blued herself tonight and it was amazing. I hope Peter appreciated it.

JROrci: Or was his timeline rewritten.

Bad_Wobot1013: good to see ya by the way JROrci

beelee1113: DID Peter remove himself, or simply create a bridge? Phasing out mid-sentence seems like the work of the Observers, not Peter!

Xerophytes: 304-838-2278

JROrci: Hardcore!

naddycat: @JR Yeah...

RedViking4: !

guest_9680: good one beelee,

Darrell: Lol Xerophytes

naddycat: Peter has been operating under the assumption that his timeline is still "out there" somewhere, right?

JROrci: Yes.

NYCFringeMathGeek: that would be awesome if you did JROrci

Xerophytes: And please dont laugh like Peter Jackson... i mean Josh Jackson

socbas9247: so this is all Peter´s fault?

SteveS: think observers are creating these time bubbles

Pennyh joined the room.

BostonRedVines: What was it that Jasika said in the interview about Timeline vs Universe?

Norcinee: I don't think Lincoln's gonna be happy after what happened, assuming Olivia tells him lol

Xerophytes: socbas9247: No. observers fault

naddycat: Seems to be evidence suggesting that the this timeline being rewritten is more along what happened

9:33 PM

DavidWu: "Somewhere Out There / beneath the flashing blue lights"

fanlingo: SO good.

Xerophytes: So me and JROrci can see face to face and discuss fringe

guest_9680: so JR the previous "timeline" is actually the past?

naddycat: And someone mentioned that now that Peter has been reintroduced to the timeline, the characters are now kind of getting back to how they were in the Blue timeline, because now they have Peter's influence again

NYCFringeMathGeek: Hi Penny

leisa2: Remember when we were discussing if Broyles was a shapeshifter or if he was being blackmailed?

TrishCapeCod: I think September "erased" Peter from the timeline, but failed to brush away the eraser crumbs, hence Peter came together again and appeared.

beelee1113: Hi Penny.

t_gruber: ha

TrishCapeCod: Now that he's here, he's creating the world he wants

t_gruber: pretty please

JROrci: *fist bump*

naddycat: Dude, when discussing Fringe alcohol is the last thing you need. It's hard enough to wrap your head around as is!

fanlingo: haha

Norcinee: I think the emotions between Olivia-Peter-Walter are so strong (quantum entangled) that they were the ones who brough him back, it would explain the fact that he didn't know he was appearing to them in his non-existence state. I'm not sure I like this theory, it also reminds me of 6B.

beelee1113: I'll go with that, socbas9247

DocH: How does a town like Westfield with just under 600 have a big High School with a huge bio-lab that seats 30? It must double as the Community College

NYCFringeMathGeek: DESMOND!! woo hoo brotha

AlternaKat: MOIST

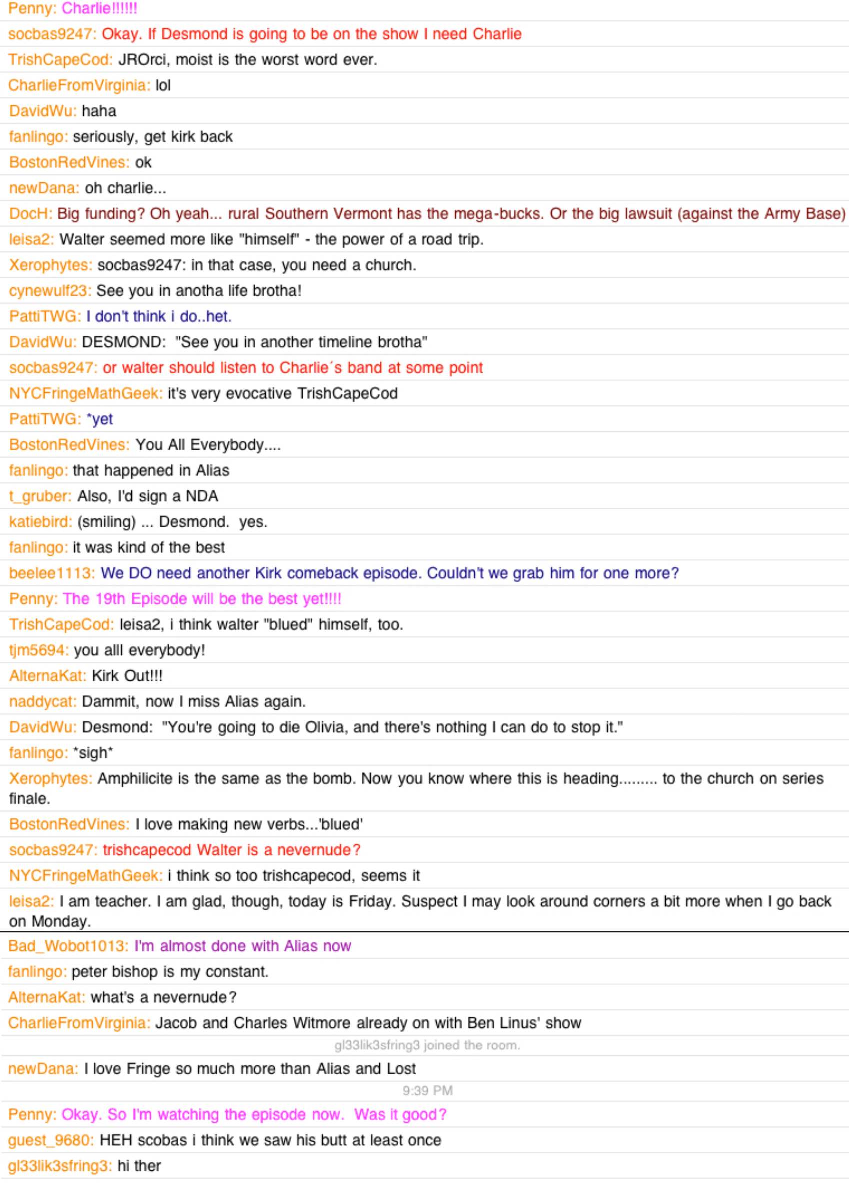
Penny: In another freaking life!!!!!

zeppelindriver: "IN YOUR EYES..."

guest_9680: CLUTCH

AlternaKat: that should be the glyphs in one episode

Xerophytes: PattiTWG: make sure you check that u dont have two heads.



Penny: Charlie!!!!!!

socbas9247: Okay. If Desmond is going to be on the show I need Charlie

TrishCapeCod: JROrci, moist is the worst word ever.

CharlieFromVirginia: lol

DavidWu: haha

fanlingo: seriously, get kirk back

BostonRedVines: ok

newDana: oh charlie...

DocH: Big funding? Oh yeah... rural Southern Vermont has the mega-bucks. Or the big lawsuit (against the Army Base)

leisa2: Walter seemed more like "himself" - the power of a road trip.

Xerophytes: socbas9247: in that case, you need a church.

cynewulf23: See you in anotha life brotha!

PattiTWG: I don't think i do..het.

DavidWu: DESMOND: "See you in another timeline brotha"

socbas9247: or walter should listen to Charlie´s band at some point

beelee1113: We DO need another Kirk comeback episode. Couldn't we grab him for one more?

TrishCapeCod: leisa2, i think walter "blued" himself, too.

tjm5694: you alll everybody!

AlternaKat: Kirk Out!!!

naddycat: Dammit, now I miss Alias again.

DavidWu: Desmond: "You're going to die Olivia, and there's nothing I can do to stop it."

Xerophytes: Amphilicite is the same as the bomb. Now you know where this is heading......... to the church on series finale.

BostonRedVines: I love making new verbs...'blued'

socbas9247: trishcapecod Walter is a nevernude?

NYCFringeMathGeek: i think so too trishcapecod, seems it
